

A futuristic city skyline composed of numerous skyscrapers with a wireframe or blocky texture. The buildings are set against a dark background and appear to be floating above a grid floor. Numerous small, glowing purple dots and small clusters of circles (resembling binary code or data points) are scattered across the grid, particularly concentrated in the lower-left and middle areas.

IN WHAT END?

FOR THE  
USERS

01

## ENABLE EASY ACCESS, NO ENTRY BARRIERS!

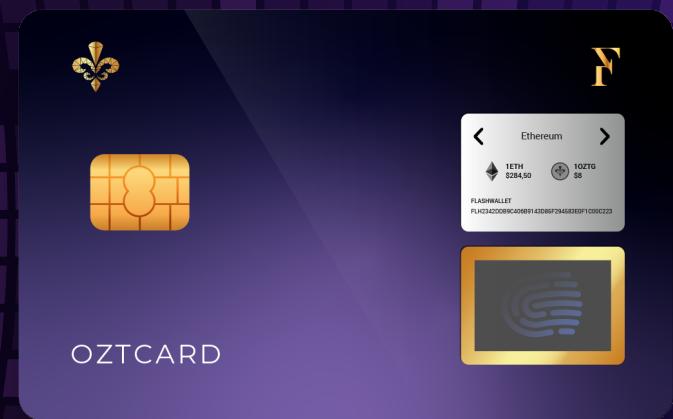

We have designed our solution to reach the **2 Billion +** people who do not have access to the usual banking system, so it appears to be paramount to ease the access to our blockchain-power solution.

our mainstream audience has no credit or debit card neither bank account. So by accepting payment by mobile, cash, debit card or cryptocurrency, we are enabling widely the access to our solution throughout our hardware device **“FLASHCRYPTOSTATION”**.

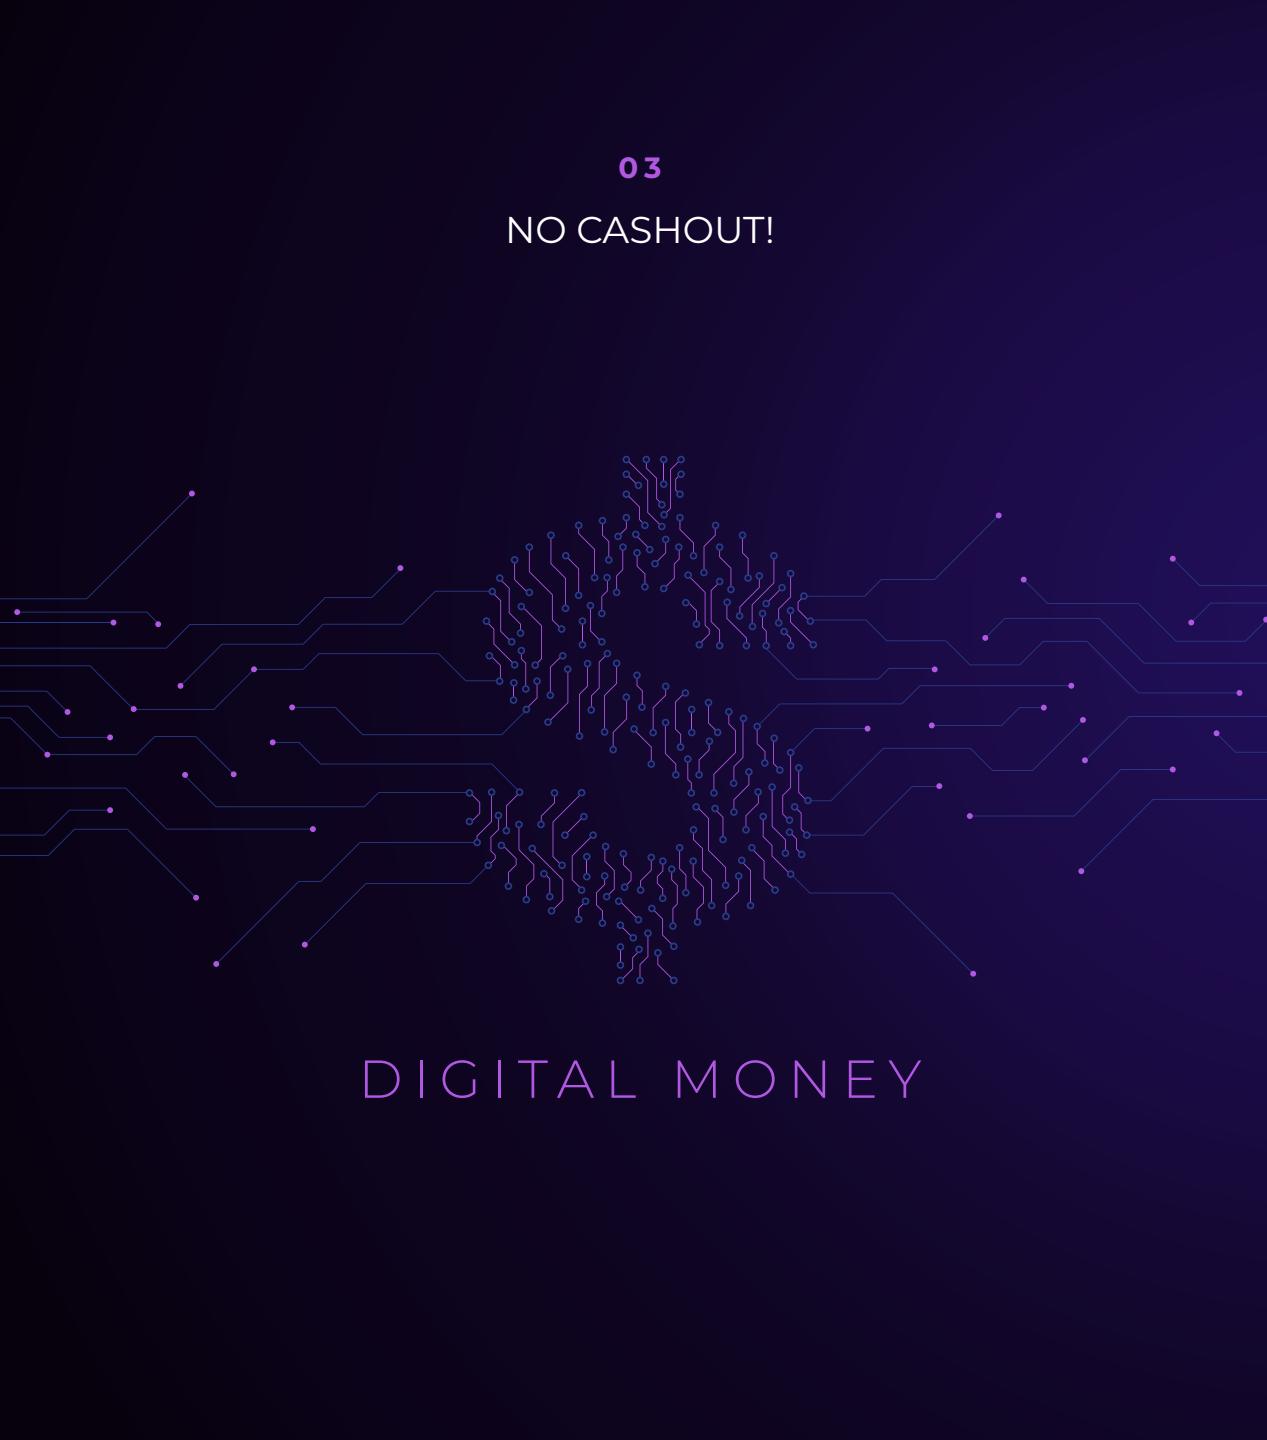

Users will be able to buy any cryptocurrency against designated fiat and vice-versa.

02

## OZTCARD COLLECTION POINT

People who don't have a fixed address can order their **OZTCARD** in the nearest **FLASHCRYPTOSTATION** location point (mall, Airport, merchants, etc...) and pick it up once the card is ready or collect it up from another location.

03

## NO CASHOUT!

### DIGITAL MONEY

People will not be able to remove cash from the Station, just fill it in with designated fiat currencies. Withdraw money using the [OZTCARD](#), will be possible from a regular ATM device. We are militating for a cashless society and we are convinced that this strategy will at the end allow people to be more comfortable using “[digital cash](#)” throughout any coins proposed on the station to pay Bills and other matters.

04

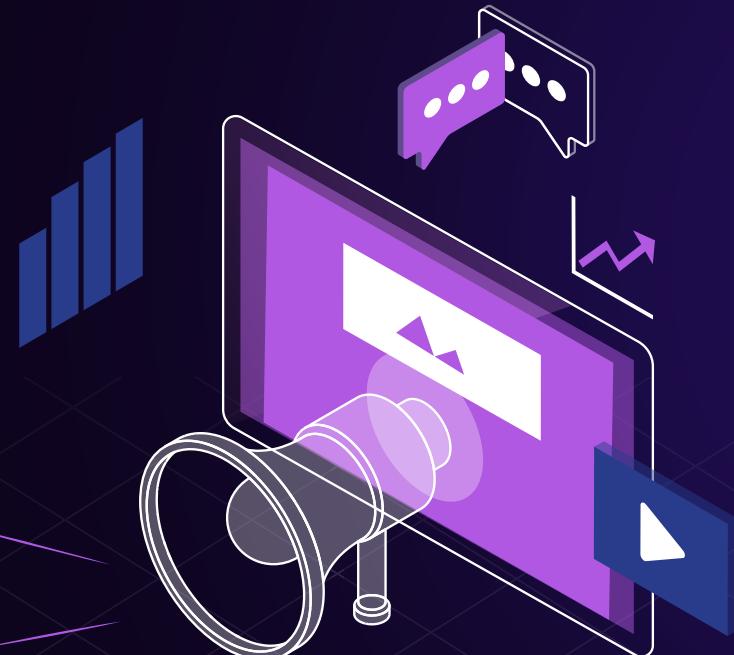

## FAIR REMITTANCE SERVICE

Use the “Station” to send remittances using our unify transactional utility coin “OZTG”. It will be instant with no hidden fees, in simple words “Hassle-free”!

05

## LOCAL AD STATION

Local merchant will be able to display their ads on the 32-inch touch screen on the **FLASHCRYPTOSTATION**, the ads will be static, dynamic or even video.
